

Ole Smoky Original

Tennessee Moonshine

A true moonshine experience. Ole Smoky's Original Moonshine is an unaged corn whiskey made from corn grown by local farmers in East Tennessee. Our century-old recipe proclaims a grain bill of 80% corn, with the remaining 20% a secret that gives Ole Smoky the distinct character and bold flavor of Tennessee moonshine. If you like whiskey, you don't want to miss this one. Best drank from the Jar! Sold over 35,000 cases of moonshine in the US alone in 2014 Master distillers use only local ingredients, pristine Tennessee water and 100% real fruit juice. They take pride in their extensive line of small batch handcrafted Moonshine. The Ole Smoky Moonshine Distillery, "The Holler", is America's most visited distillery.

The nose is full of fresh corn, a touch of sweetness, a hint of butter. The mouthfeel is slightly syrupy, in a pleasant way, almost lush, soft and full. The corn continues on the palate, fairly crisp with a few hints of wildflowers mixed in. At 100 proof, there is a nice lingering burn, but this is well balanced and walks the line nicely in terms of being both smooth and strong.
